

REMARKS

This amendment cancels claims 31 and 32 without prejudice or disclaimer, removes the multiple dependencies from the claims, adds headings to the specification, and places the abstract in U.S. filing format. The amendment was not made for reasons related to patentability, and the full range of equivalents for all of the elements of the amended claims, as well as for all of the other claims, should remain intact.

A favorable consideration that results in the allowance of all of the pending claims is earnestly solicited.

Respectfully submitted:
